If I stop working, what happens to my payroll deduction pledge?

Should you stop working, your payroll deduction pledge stops as well. Your pledge through United Way is made in good faith based upon your employment. When you start a new job, ask to sign up for payroll deduction again or call United Way for additional options. If you are retiring, please contact United Way to continue your contributions and volunteer your time.

I've given in the past, what do I need to do to enroll again?

You need to opt in to pledging each year. Contact your employer and let them know you are interested in donating again for 2022. You can change the amount from previous years by giving more or less or "rolling over" the same amount or more from your donation last year.
