

Employee Campaign FREQUENTLY ASKED QUESTIONS

Employee

What happens to my payroll deduction if I STOP WORKING?

Should you stop working, your payroll deduction pledge stops as well. Your pledge through United Way is made in good faith based upon your employment. When you start a new job, you can ask to sign up for payroll deduction again or call United Way for additional options. If you are retiring, we welcome you to contact United Way to continue your contributions or volunteer your time.

I've given in the past. How do I enroll AGAIN?

You need to opt in to pledging each year. Contact your employer and let them know you are interested in donating again for 2024. You can change the amount from previous years by giving more or less or "rolling over" the same amount from your donation last year.

Can I designate my gift to a specific partner AGENCY?

Yes! When you fill out your pledge form, simply indicate the partner agency or agencies you want your gift to benefit and we will send it directly to them. A complete list of our partner agencies is available at unitedwayclallam.org/our-partners

How much of a FEE does United Way take when I designate my gift?

When you designate your gift to one or more of our partner agencies, 100% of the funds goes to them. United Way of Clallam County does not charge a fee. You can also give to ANY nonprofit agency through United Way of Clallam County. If you choose to designate your gift to a nonprofit that is NOT one of our partners, there is a 10% fee.

Thank you for your support!
